On 18th June 2009, Professor Paula Barrett was invited as key note speaker to a congress organised by the department of Child and Adolescent Psychiatry, Erasmus University Rotterdam, the Netherlands.

Visiting address
Dr. Molewaterplein 60
3015 GJ Rotterdam, NL

Her keynote lecture was highly appreciated and had a significant contribution to the congress. Moreover, Professor Barrett gave a workshop regarding the new FUN FRIENDS programme which was very informative and very educational. Her innovative programme is a significant to the field of treatment of childhood and anxiety disorders.

Accessible by taking tram 8,
bus 44 or the Caland line metro
(Dijkzigt stop).

Both the keynote and the workshop were evaluated very positively by the congress participants (Dutch child psychiatrists and psychologists).

Furthermore we invited Professor Barrett to act as a jury member during the PhD examination of Dr. J.S. Legerstee. His thesis was on CBT treatment of anxiety disorders. We highly appreciated the presence of Professor Barrett in both the congress and the PhD examination.

Also on behalf of Dr. E. Utens, child psychologist,

Prof.dr. F.C. Verhulst, child psychiatrist
Erasmus University Medical Centre
