A SCHOOL OF THE PRESBYTERIAN
AND METHODIST SCHOOLS' ASSOCIATION

Dear Paula,

It is with sincere gratitude that I am writing to you to thank you for all that you have done to help the young boarders at Somerville House. Your talk and workshop introducing the Friends program was an outstanding success.

The boarding mistress who attended your talks was very pleased with the relevant topics that you discussed, the skills that you taught and especially for the relaxation methods that you covered.

These life skills will hopefully be a part of their knowledge to cope with Life's dilemmas in the future.

I personally would like to thank you for all that you have done and with your naturally sincere caring attitude.

I will be discussing the talk with the head boarding mistress and hopefully be able to present it annually for the new boarders.

Kind regards,

Linda Marinos RN RM
